

Many IoT and Industry 4.0 solutions!

MSI's #1 priority to "exceed customer expectations" ... starts with a #1 Product Line

<p>ABB VFDs & Components</p> <p>ABB is a world leader in VFDs and electrical components for many industries, including HVAC, Process, Heavy industrial, and many more!</p>	
<p>ABB Robots & Safety</p> <p>ABB is a global leader in robot solutions for many industries. ABB also has an extensive portfolio of safety solutions with Jokab Safety.</p>	
<p>APEX DYNAMICS</p> <p>Apex Dynamics, Inc Apex Dynamics, Inc. designs and builds a technically advanced, high speed, low backlash servo application planetary gearbox.</p>	
<p>B&R Automation: Global – Premier provider of total automation solutions. Products include HMI's, Motion controls, Servo and Stepper motors, PLC's, Industrial PC's, One programming environment, and much more.</p>	
<p>BALLUFF <small>sensors worldwide</small></p> <p>Balluff GmbH: More than 40 years of experience in manufacturing sensor solutions for industry and factory automation.</p>	
<p>Boston Gear</p> <p>Boston Gear: is a leading global supplier of quality power transmission products including, but not limited to food processing, packaging machinery, material handling and most others</p>	
<p>COMAU ROBOTICS</p> <p>Comau Robotics is currently a leading international producer of industrial robots.</p>	
<p>cpc <small>CHIEFTEK PRECISION CO., LTD.</small></p> <p>Chieftek Precision Co Ltd. is devoted to R&D and manufacturing of high quality linear motion components, with a focus on long term sustainability.</p>	
<p>DELTA</p> <p>Delta is the global leader in switching power supply solutions since 2002 and DC brushless fans since 2006. They offer the most energy efficient power products in the industry.</p>	
<p>dunkermotoren</p> <p>Dunkermotoren engineers and manufactures system solutions based on: Brushless DC servo motors/ brush-type DC motors, Integrated power and logic controllers, Planetary and worm gearboxes, Encoders and brakes.</p>	
<p>ENCODER <small>PRODUCTS COMPANY</small></p> <p>Encoder Products Company EPC is the largest privately-held encoder manufacturer in North America, producing the most complete line of incremental and absolute rotary encoders.</p>

<p> HEIDENHAIN</p> <p><u>HEIDENHAIN</u>, for more than 125 years, has delivered the trusted precision measurement and motion control solutions behind the machines and devices that move us forward.</p>	
<p> HTM SENSORS</p> <p><u>HTM sensors</u> Proven on the most demanding applications. They stock over 50,000 sensors and ship the same day you order.</p>	
<p> IDEM</p> <p><u>IDEM</u> Focuses their R&D efforts on producing the finest products by fostering innovation and ingenuity, while maintaining compliance with the latest standards and approvals.</p>	
<p> intercontec</p> <p><u>intercontec</u> connectors stand for proprietary design, new developments instead of copies and great passion for everything that pushes technical boundaries.</p>	
<p> KABELSCHLEPP</p> <p><u>KabelSchlepp</u> They supply steel, high grade stainless steel and solid plastic cable carriers and plastic cable carriers with aluminum stays in standard sizes or tailor made to an individual customer's requirements in millimeter units.</p>	
<p> Kuebler</p> <p><u>Kuebler Group</u> believes in strong customer focus, flexibility, and know-how all form the basis for our broad and innovative range of products. These include individually tailored product, sector solutions, and solutions for Functional Safety.</p>	
<p> LINTeCH</p> <p><u>LinTech Motion</u> manufactures a wide range of linear and rotary mechanical positioning motion control products, from profile rail linear guides to round rail linear bearings. They offer linear components to completely pre-engineered positioning actuators, slides, stages and tables. They also have rolled, precision rolled, and precision ground ball screw assemblies available in any length required for an application.</p>	
<p> Lovato electric</p> <p><u>Lovato Electric</u> designs and manufactures electrical devices for industrial applications with a range of over 10,000 products complying with the strictest requirements of international standards.</p>	
<p> marathon Motors</p> <p><u>Marathon</u> is dedicated to providing customers with quality products for targeted applications. They are composed of two strategic product lines: motors and generators.</p>	
<p> OPTeX</p> <p><u>Optex Inc</u> has established a worldwide reputation for quality, innovation, and technical excellence. Their products always represent an investment in performance and long-term satisfaction.</p>	
<p> POSITAL FRABA</p> <p><u>Posital FRABA</u> Offers the broadest line of encoders, absolute and incremental, anywhere supporting every type of Fieldbus.</p>

<p>PULS</p> <p><u>PULS</u> makes the most efficient and compact DIN-rail power supplies in the world.</p>	
<p>R+W</p> <p><u>R+W</u> makes industrial zero/low backlash couplings for a large variety of applications.</p>	
<p>ROLLON <small>Linear Evolution</small></p> <p><u>ROLLON</u> is a leading manufacturer of linear motion systems, guides and linear actuators. They have significant experience in applications across a variety of industries.</p>	
<p>SCHMERSAL <small>Safe solutions for your industry</small></p> <p><u>Schmersal</u> offers the largest range of safety switching appliances and systems worldwide - for the protection of human life and machines.</p>	
<p>SENSOPART <small>SENSORS FOR AUTOMATION</small></p> <p><u>SensoPart</u> concentrates on optoelectronic sensors and image-processing vision sensors for factory automation. They also offer inductive, capacitive and ultrasonic sensors with wide ranging applications.</p>	
<p>sprecher+schuh</p> <p><u>Sprecher + Schuh</u> offers a wide range of low-voltage industrial control products, including contactors, a variety of relays, starters, push buttons, switches, terminals and controllers.</p>	
<p>TATSOFT</p> <p><u>Tatsoft</u> is first HMI-SCADA built with pure Microsoft .NET that also supports native iPad, iPhone, and Cloud environments. Includes SCADA HMI Client App for iPads and iPhones.</p>	
<p>TECHTOP</p> <p><u>Techtop Motors</u> are designed with unique premium features to ensure reliable operation in severe environments.</p>	
<p>TRIO <small>MOTION TECHNOLOGY</small></p> <p><u>Trio Motion Technology</u> manufactures flexible and economical solutions for motion control applications, enabling control of complex high speed automation and machine control in most industries throughout the world.</p>	
<p>UNITRONICS</p> <p><u>Unitronics</u> focus is advanced technology PLC+HMI all-in-one solutions. They have a complete range of PLCs, powerful software, and outstanding support.</p>	
<p>Weidmüller </p> <p><u>Weidmüller</u> with products, solutions and services in the industrial environment of power, signal and data. They set standards in Industrial Connectivity.</p>	
<p>wieland</p> <p><u>Wieland Electric GmbH</u> celebrated its 100-year anniversary in 2010, is among the pioneers in electrical connection technology. They pride themselves on support and advice regarding machine Safety and Solutions.</p>	
<p>WITTENSTEIN</p> <p><u>WITTENSTEIN</u> is committed to being a world class global partner for the customers of its intelligent mechatronic drive technology, servo systems and components. Their relationship with their customers, suppliers and colleagues represents our core values.</p>
